Road to Nashville

Pump-Handle Justice

Without a Country

The State Highway Commission will lay an old neighborhood ghost this month when it lets contract for the hard-surfacing of the last stretch of gravel on Highway 4 between Hope and Nashville.

It goes without saying that some people feel this road would have been paved many years ago but for Nashville's suspicion that it would take away more business than it would bring to her.

All of us have moments when we feel that way. I conducted a strenuous campaign myself against the late Governor Carl Bailey's proposal to make the Fulton bridge across Red river toll free.

One reason, Nashville might tell me now, is that I felt back yonder that a million-dollar state bridge was being turned to Texarkana's commercial advantage.

Actually, however, my main argument against freeing the toll bridges was that it dug a hole in highway revenues. It let poor and middle-class motorists tour around cross the many rivers without charge when Arkansas didn't have enough highway income to take care of the local travel needs.

My own citizens, I think, that argument of many years ago has stood the test of time, as witness our incessant and increasing highway troubles.

Nevertheless, Hope and Nashville are going to get a black top road. And if our northern neighbor suspects Hope's motives I should point out that this newspaper has been fighting long and hard for a paved road to Nashville also.

The more the merrier, when it comes to connecting up towns with good roads.

Personally, my appraisal of a paved No. 4's effect on Nashville is that it will take as many to and from the city as it will take to the Howard county seat as it brings Nashville people to our town. I say that because Nashville has a remote and unique trade territory that remains untouchable for the most part, regardless how many roads lead in to it. And finally, the hills and mountains of Arkansas begin in Howard county, and they are a beautiful land for the motorists of our flatland country, particularly in summer. And the great new dam and lake now nearing completion beyond Nashville, at Murfreesboro, will increase that northbound traffic for certain.

At Dallas last week-end Federal Judge William H. Atwell ruled that law enforcement officers are overzealous when they attempt to gain evidence from a stomach-pump. "It," said the judge, "violates the sacredness of the person." The judge, that is, has no stomach for a pump, so to speak.

In upholding the conviction of two motion picture writers for contempt of congress, the U. S. Circuit court of Appeals, in a recent decision, said that a witness has the right to make a witness say whether or not he is a Communist.

You've heard about the man without a country. Well, the court held in effect yesterday that Communism is a party without a country. The public declaration of its leaders, here and abroad, specifically placed it beyond any loyalist to the United States. And therefore it is plain hard honesty for the congress or any other public body to ask—and demand that it be answered—the question: Are you an American?

Hope Men Elected Officers of Ouachita Presbyteria

Newly elected officers of the Ouachita Presbytery include Jack Lewis of Hope, president, Percy H. Ecker of Camden, vice-president, and Dorsey McRae, Jr. of Hope, secretary.

The officers were named at a meeting Sunday at Prescott attended by 84 laymen and 12 clergymen. Ecker of Hope Springs, past president, presiding.

Mrs. Frances Dill Dies at Son's Home in Prescott

Mrs. Frances Nani Dill, 78, widow of J. W. Dill, lumberman, died yesterday at the home of a son, Col. L. C. Dill in Prescott. Funeral services will be held in Brownsville, Tenn. Thursday.

Well Preserved Mammals Go on Display

New York, June 14—(AP)—A home type deepfreeze unit today took over the task of preserving meat from 15,000 to 400,000 years old from nature's deepfreeze vaults in Alaska.

The fossilized mammals, with hair and skin still attached, went on display at the American Museum of Natural History.

The display includes a baby mammoth, horse and musk ox, a section of an ancient mammoth, relative of the modern elephant, and a "super" bison, huge ancestor of the modern bison.

Washed from the frozen tundra in the Yukon valley outside Fairbanks, the specimens were uncovered in gold mining operations last fall. They were transported here by refrigerated cars.

WEATHER FORECAST

Arkansas: Cloudiness, showers this afternoon, in east, south to night. Wednesday partly cloudy, showers in the east, south. Not much change in temperatures.

Confident of Vindication

Judy Coplon and her attorney Archibald Palmer examine photostatic copies of original FBI documents behind the 34 data slips allegedly found in Miss Coplon's purse. Miss Coplon said that she was "completely confident" of ultimate vindication.

Agriculture Officials Are Against Plan to Control Planting, Marketing Cotton

Washington, June 14—(AP)—Agriculture department officials today opposed a new plan for controlling planting and marketing of cotton backed by 18 senators and leaders of the cotton-producing states.

Frank Woolley, appearing in behalf of secretary of agriculture Brannan, told a senate agriculture subcommittee the proposal is "inflexible" and probably would result in production of surplus cotton.

Senator Arthur W. Capper (D-Nebr.), presiding at the hearing, said the proposed legislation would assure a larger outtake in cotton production in case of a surplus, than existing law.

But Woolley urged congressional passage of a bill that would give Secretary Brannan more flexible powers to offer acreage and marketing controls for all basic crops, including cotton, wheat, tobacco, rice and peanuts.

Waiting to testify in support of the new cotton controls legislation were H. L. Wingate of Pelham, Ga., chairman of the beltwide cotton conference, steering committee, and J. A. Sweet of Mesquite, N. M., vice chairman of the beltwide cotton conference.

They and other representatives of the new controls program at a cotton-producing states worked out a compromise plan, which was presented to the senate subcommittee at a session at Memphis, Tenn., last April.

Their program calls for a minimum acreage allotment for the next two years of 22,500,000 acres and a minimum baleage allotment of 10,000,000 bales, or not less than 1,000,000 bales less than domestic consumption plus exports of the preceding year, whichever is smaller.

It also calls for fixed minimum allotments to states, counties and individual farmers.

The beltwide conference also asked continuance of the post-war prices at 90 per cent of parity—growers vote for acreage and marketing controls. But this is not involved directly in the pending bill.

Federal controls over cotton acreage and marketing were lifted during the war in 1943, and a price-depressing surplus was wiped out by wartime demands.

Last year more than 23,000,000 acres of cotton produced 14,626,000 bales, with a new threat of surplus from an estimated carryover of 6,500,000 to 7,000,000 bales.

Some type of control program is regarded as certain in cotton growers' minds for the next year if cotton grows well this year, government price-support programs.

'Ike' Goes Long Way in Killing a 'Must' Bill

Washington, June 14—(AP)—Gen. Dwight D. Eisenhower appeared today to have gone a long way toward torpedoing one of President Truman's "must" bills before congress—federal aid to education.

A critical letter by the general, now president of Columbia university and acting chairman of the military chiefs of staff, plunged school aid advocates into gloom. It started talk among time lawmakers about the possibility that Eisenhower intends to make his political weight felt.

In a letter to Rep. Gwynn (R-N.Y.), Eisenhower opposed federal school aid grants to all of the states, a proposal already approved by the senate and now pending in a house labor subcommittee.

He said he favors helping only states that can't raise enough taxes to support a high level of education and that only "under formulas that would permit no abuse, no direct interference of the federal authority in education processes and no opportunity to expand the flow of federal money into areas where need could not be clearly demonstrated."

Some lawmakers thought Eisenhower paralleled Republican doctrine when he went on to assert that the army of persons who urge greater and greater centralization of authority and greater dependence upon the federal treasury are really more dangerous to our form of government than any external threat that can possibly be arrayed against us.

Those views didn't seem to track with the policies of some of the leaders of the organization Americans for Democratic Action (ADA) who tried to sign a resolution favoring the bill last year to get the general into the race for the Democratic presidential nomination.

Eisenhower thus lined up against a bill that has the support of both President Truman and Senator Taft (R-Ohio). In this instance, he put himself in the same political camp with Senator Wherry of Nebraska, the GOP floor leader, and house minority leader Martin of Massachusetts.

The circumstances were such as to lend some credence to talk that he may be doing a little advance testing of the 1952 temperatures, although Eisenhower as president of the country's biggest teachers' producing university was in his own field when he talked about education.

As top Republican on a house labor subcommittee, Gwynn wrote for Eisenhower's view on the bill.

Food Poisoning Leaves 200 Stricken

Topeka, Kan., June 14—(UP)—Almost 200 persons stricken with food poisoning at a company picnic jammed Topeka's three hospitals today.

So many employees of the Seymour Packing company became ill at the annual picnic yesterday that the firm was forced to shut down for an indefinite period. The firm is one of the nation's largest egg processors.

All of the stricken were out of danger this morning but county coroner H. L. Clark emphasized that their illness was "painful and serious."

The picnic, attended by about 300 employees and their families, was held at a picnic ground about 20 minutes after they had completed their supper of potato salad, fried chicken and baked beans.

It was a hot sultry day and Clark said he believed the potato salad may have caused the sickness. State officials were testing samples of the food today to track down the cause.

"It was awful," one woman picnicer said. "The potato salad went to everybody at the same time. Kids who were playing baseball stopped in their tracks and began retching. My own youngster began crying and then turned sort of green color as he began vomiting."

"By that time I was too sick myself to do anything to help him." Some victims staggered to their cars but collapsed on the fenders. Others were taken to hospitals. Others writhed in the grass as violent cramps racked their abdomens.

Abortions Bring Doctor \$200,000 Per Year

New York, June 14—(AP)—A Manhattan physician, said by authorities to have made \$200,000 a year on illegal abortions, was booked by police early today on a charge of performing a criminal operation.

The defendant, booked as Dr. Nathan Rappaport, was arrested yesterday in a police raid on a six room suite at 330 West 72nd street, near Riverside drive.

A spokesman for District Attorney Frank S. Hogan said the suite had two bedrooms, double doors between them and an interoffice communication system, so that anything said in the reception room could be heard in the inner offices.

Raiding detectives found one woman on an operating table and another in the waiting room, the spokesman said.

He said the doctor performed an average of two abortions a day, receiving from \$300 to \$600 for each. Rappaport had maintained the office suite for at least two years, the spokesman said, and had been away from the district for more than two months after a confidential tip to police.

Baby Sitter Held for Slaying Baby

Lancaster, Pa., June 14—(UP)—A 14-year-old baby sitter was held today for slaying a six-year-old boy because he teased her by pulling out the electric plug on a washing machine.

State Police Sgt. Siles Smith said the baby sitter, Jean Sonnen, admitted beating little Ronald Glen Keller with a piece of kindling "more than once" yesterday at his home in nearby Lititz. The child died in general hospital last night without regaining consciousness.

The girl had been hired as a full-time baby sitter for Ronald and his two brothers, Richard, 2, and Robert, 1, last Wednesday when their mother, Mrs. Betty Keller, took a mill job.

Jean, one of a family of 18 children, had graduated from grade school two weeks ago.

She told Smith she was doing the baby sitting in the Keller cellar when Ronald came in and pulled the plug. She warned him not to do it again. When Ronald pulled the plug a second time, she said she became enraged.

Smith said the girl told him she picked up a piece of kindling and beat the child on the head "more than once." Physicians said his skull and jaw had been fractured and several teeth knocked out.

After that Jean ran into the garden where the boy's father, Paul, a truck driver, was working. He told him he had better come into the cellar.

"I think something is wrong," she told him.

Keller found his son lying at the bottom of the cellar stairs. At first he thought the child had fallen, but Jean began to cry hysterically. "I did it, I did it,"

The girl was taken to the county shelter home for girls. District Attorney John C. Ramey was to confer with police later today to decide what charges will be placed against her. Police said she was in a "dazed condition." 18 children of Mr. and Mrs. Edward were seen. She was described as "well liked" by her grade school classmates.

Americans in Some Ways Have Become the Prisoners of the Conquered Germans

By HAL BOYLE
Berlin, June 14—(AP)—Americans in Germany have in some ways become the prisoners of the conquered.

Flash Floods Takes 10 Lives in Dallas

Dallas, Tex., June 14—(AP)—Storms and floods in and near Dallas today took at least ten lives. One other person was missing.

Four drowned at Garland, north-east of Dallas, trapped by the swirling waters of Duck creek. Ten inches of rain fell at Garland.

In northwest Dallas county, a Frisco freight train piled into a washout near farmers branch. A boy drowned during a storm in Denton county.

Three teenage youths were killed at the outskirts of Fort Worth when their car and a Missouri Pacific freight train collided in a blinding rain storm.

The death toll: Mrs. Dorothy Cooper, 25. Her child was reported missing. A middle-aged man, believed to be Aldon R. King.

A woman, about 45, believed to be King's wife. A youth, about 19, believed to be a son of the King's.

Dead elsewhere were: John Kenneth Martin, 49, struck by an automobile in Dallas. Sallie Purnell, 3, suffocated in her crib in Dallas.

Mack Rolly, 14, drowned in Lake Dallas when his boat overturned in a storm.

Killed in the Fort Worth grade crossing accident were Wayne Taylor, Joe Edward Clowers and Ward A. Graves. They were from Everman, a Fort Worth suburb.

Strong winds hit Dallas. Overnight rains in the city were measured at 2.48 inches.

The U. S. weather bureau at Dallas issued a flood warning for the upper Trinity river, which doused Fort Worth last month. The bureau predicted that Trinity would rise to 38 feet 10 inches above flood stage at Dallas. This city is protected by a levee system.

During a brilliant electrical storm at Dallas John Kenneth Martin, 49, was struck by an automobile in Dallas. Sallie Purnell, three-month-old, suffocated in her crib after lightning knocked out lights at her parents' home.

Property and crop damage was tremendous. Duck creek rose into a shopping village at Garland, washed away stocks, and battered buildings. Constable C. R. Smith said a million dollars in damage was wrought at Garland. A hundred persons were rescued in boats.

Mrs. Cooper and her husband were clinging to telephone poles. She was swept away. He was rescued by a boat and treated for shock at a hospital.

Garland, Vickers, Carrollton and Farmers Branch, all in Dallas county, were under water for a time early today. The floodwaters had receded today.

Just before 9 a. m. the U. S. weather bureau issued a special storm warning for the Dallas area. It said a thunderstorm with high winds, heavy rain and possibly hail would reach the Dallas area shortly.

The Trinity river rose 11 feet during the night to 26.2 feet, two feet below flood stage.

Bird Named Head of Arkansas Education Board

Little Rock, June 14—(AP)—Marvin Bird of Earle has been re-elected chairman of the Arkansas board of education.

He was chosen at a meeting here yesterday, at which Means Wilkinson said would defeat the re-election of vice chairman.

The board approved a number of bond issues, including: Rogers district No. 30, \$546,000. Manila No. 15, \$100,000. Fayetteville \$822,000. Greene county Tech. \$121,000. Blytheville No. 3, \$450,000. Stuttgart No. 49, \$200,000. Helena-West Helena \$60,000. Strong No. 83, \$55,000. Bono special, Craighead county, \$75,000.

Berlin Railmen Defy Reds, to Continue Strike

Berlin, June 14—(AP)—Western Berlin railway workers voted six to one today to continue their strike rather than knuckle under to a Communist threat of reprisals.

Only a three-fourth majority was needed to assure continuation of the 24-day old strike which has become in effect a "little blockade" of Berlin.

The striking union announced the results of day-long balloting on a compromise proposal as follows: For continuation of the strike, 12,626.

Against continuation, 2,085. The plan which was voted down was worked out by the United States and had the approval of the other three occupying powers—Britain, France and Russia.

The workers voted after Soviet-led newspapers renewed threats of reprisals against the strikers.

The strike is directed against the Russian-controlled railway system. The compromise plan on which the anti-Communist strikers balled was sponsored by all four occupying powers.

Maj. Gen. G. K. Bourne, British commandant, urged the strikers to ignore rumors about the validity of the compromise. He said in a broadcast that the Western military governments are convinced the Soviet military administration and the railway management "will honor their promises."

Another FDR Goes Into Politics

Washington, June 14—(AP)—Another FDR came on the Washington political scene today as Franklin Delano Roosevelt, Jr., was sworn in as a member of the house of representatives.

His mother, Mrs. Franklin D. (Eleanor) Roosevelt, beamed proudly in the gallery as the 34-year old son of the former president took the oath of office from Democratic leader John W. McCormack of Massachusetts, acting speaker.

He represents the 20th New York district, having successfully bucked Tammany ahl in a special election on May 17 for the house seat held by the late Sol Bloom, a Democrat.

An avowed Democrat, Roosevelt failed to win his party's nomination and ran as the candidate of the Four Freedoms and the Liberal party.

But there was no doubt of his political affiliation. Democratic leaders already have accepted him as one of their own and will find him a committee assignment in the near future.

Roosevelt sat on the Democratic side of the house chamber during the few minutes preceding the swearing-in ceremony. After walking into the well of the house and raising his right hand to take the oath, he returned to the Democratic side. Colleagues and gallery spectators applauded. The ceremony lasted less than a minute.

Sawmill Operator Dies at Home in Deaneville

Edward B. Cantley, 69, sawmill operator, died yesterday at his home at Deaneville, near Prescott.

He is survived by his wife, Mrs. B. Cantley, a daughter, Mildred Cantley, of Hot Springs, and a sister, Mrs. W. R. Boney of Stamps.

Mrs. Hammons Reported to Be Better

Friends of Mrs. Foy Hammons will be glad to learn that she is reported "considerably better" today following a fall Sunday in which she suffered a broken ankle. She is being treated at Julia Chester hospital.

Emmet School Merger Voided By State Board

In sweeping action yesterday the state board of education approved petitions which, Chairman, Marvin Bird said, would defeat the merger of the school consolidation act approved by vote last year.

Voting to "correct" the official 1948 count of school-age children, the board permitted three districts to qualify as independents and escape being swallowed up in consolidation.

The three included Emmet, Nevada county, where the official count was 321. The district covers parts of Nevada and Hempstead counties. The Board voted unanimously to increase the enumeration to 353 when it was discovered that 32 negro pupils of the Emmet District had previously been illegally transferred to the Upchurch district 23 miles away.

Upchurch lost its independent status when the reduction of the 32 pupils cut its enumeration to 332. Other schools affected were Farmington in Washington County and Bergman in Boone County.

Attorneys showing this transfer had been made resulted in the board's action, and drew a warning from the board that 25 other borderline cases could be expected to seek corrections.

Parents of the Upchurch Negro school district filed a suit in the Arkansas Federal Court June 7, charging that the district was illegally annexed to a white district.

The negroes, parents of students charged that the school boards of Prescott and Emmet executed waivers to additional pupils, and therefore barred any moves to change to the district's attendance area. They contended that the district had 358 enumerates as of March 1948, and was not subject to the 1949 initiated act which affects districts with less than 300 enumerates.

Pickets Force Independent Mines to Close

Pittsburgh, June 14—(AP)—Picketed the nation's coal fields today, forcing some non-union mines to shut down for the second day. John L. Lewis ordered the walk-out of the 480,000 soft and hard coal miners. He said it was in their interest.

Meanwhile, Lewis, with one coalition, said he would not resume negotiations today with southern bituminous mine operators at Bluefield, W. Va.

The bushy-browed chief of the powerful United Mine Workers union met briefly yesterday in Philadelphia with U. S. steel corporation representatives.

Publicly nothing was announced. Lewis said only that he had agreed to meet again with Harry Moses, president of the H. C. Frick Coke Co., coal-producing subsidiary of the steel firm. The new date, June 23.

(The New York Times said today that Lewis and a vast segment of the northern coal industry are in agreement on creation of an industry "czar.")

The "czar," said the Times story, would aid in the "centralization" of the bituminous coal industry. It added that the southern coal producers are "dead set against" the idea.

(The dispatch added that secret negotiations, which were most completely halted after Harry M. Moses.)

The UMW contract with the coal operators expires June 30. No new pact is reached, no miners' strike. Traditionally the policy is: No contract, no work.

Actually, the Lewis men have one week left in their fight now. The 400,000 bituminous miners are spending their time fishing or resting. Then they have a 10-day vacation with pay starting June 26.

First Marine Division to Hold Reunion

The famous First Marine Division of Guadalcanal fame will hold a reunion on August 8 and 9 at the Hotel Astor in New York City. Sergeant T. H. Bedole of the local Marine Corps Recruiting office announced today.

The fighting First, besides stemming the tide of Japanese aggression at Guadalcanal, has a long list of brilliant military records, including outstanding combat service during the Cape Gloucester, Peleliu and Okinawa Campaigns.

Marines from all over the nation, including many from the Southern States who served in or were attached to the First Marine Division, will gather in New York City for a week-end of 6-7 August.

Anyone desiring further information may write to the division President, Mr. J. I. Gerald, Jr., 61 Billerica St., Boston, Massachusetts, or to the local Marine Recruiting office, 501 Post Office Bldg., U. S. A. Phone 3-5223 for information.

12 Persons Die Due to Weather Conditions

Chicago, June 14 — (AP)—New England today counted 12 deaths at least indirectly to the heat in the last two days. No relief was in sight.

Humidity added to the discomfort in the Eastern hot belt but showers brought temporary relief to the Middle West. Burlington, Vt., had a high yesterday of 94.

Rain fell in areas from lower Michigan and Wisconsin southward to Missouri, in the Ohio valley, parts of the South and the Great Plains states. A wind and

rain storm described by the weather bureau as a "locally heavy cloudburst," hit Dallas, Tex., and surrounding communities. Several towns were flooded. A 40-car freight train was derailed and wrecked after rain washed out the tracks.

Warm, humid weather was forecast for the New England and Middle Atlantic states and the Ohio valley. The mercury reached into the 90's in the hot belt yesterday. The country's top mark, however, was 107 at Las Vegas, Nev.

Animal hoofs, whether one-toed as in the horse, two-toed as in cows, pigs and sheep, or four-toed as in the hippopotamus, are modifications of a five-toed arrangement.

Cooper Appeals Conviction to Supreme Court

Little Rock, June 14 — (AP)—The case of George Cooper, convicted of murder of his wife, has reached the Arkansas Supreme Court.

The 39-year-old Gravette radio shop owner appealed yesterday from a Benton circuit court conviction and life sentence.

The trial jury adopted the state's contention that Cooper caused the injury which resulted in his wife's death last Dec. 23 and faked a truck mishap to "cover up." A valve stem penetrated her skull.

Hoover Digs at 'New Era' Thinking That Substitutes Security for Self-Reliance

By DeWITT MacKENZIE
AP Foreign Affairs Analyst

That was a bold and challenging speech which former President Herbert Hoover made at Ohio Wesleyan university during the week-end, when he took a vigorous dig at the brand of "new era" thinking which substitutes security for self-reliance. It's likely to bring him a good deal of mail, pro and con.

Certainly the topic is timely, for there are few corners of the world where it isn't being discussed and in many cases experimented with. Even John Bull, who through the generations has stood for solid conservatism, now is up to his neck in socialism.

Hoover held that while "security" eliminates the risks of life, it "also kills the joy that lies in competition. In individual adventure, new undertakings and new achievements. These contain moral and intellectual impulses more vital than even profits, for from them, alone comes national progress."

This is from a man whose life is a romance of American success. He was orphaned at 10 and was self-supporting by 15. He rose to the top as a mining engineer, working in many parts of the world.

Fame came to him for his relief administration work in Europe during World War One, and finally he was elected to the presidency. Previously he had served eight years as secretary of commerce.

And it is recorded that Hoover gave every dollar from his public salaries to help the needy. But let's get back to that speech.

"At all times in history there have been many who sought to escape into security from self-reliance," said the ex-president.

"And, if you will look over the workings of these newest eras throughout the world, you may notice that the judgment on the Lord Adam has not been entirely reversed, even by the Supreme Court of the United States."

"Moreover, governments have not been able to fix the wages of sin. Nor have they found a substitute for profit and other personal stimulants."

Do you remember what the Lord said to Adam? It went like this: "Because thou has hearkened unto the voice of the wife, and has eaten of the tree of which I commanded thee, saying, thou shalt not eat of it: cursed is the ground for thy sake; in sorrow shalt thou eat of it all the days of thy life."

"Thorns also and thistles shall it bring forth to thee; and thou shalt eat the herb of the field."

"In the sweat of thy face shalt thou eat bread, till thou return unto the ground; for out of it wast thou taken; for dust thou art, and unto dust shalt thou return."

The United States hasn't embraced all the new era ideas, said Mr. Hoover, adding:

"The reactionary notion of equal opportunity with the right of everyone to go as far as his ambitions and abilities will take him, provided he does not trespass on others, still holds in the American dream."

Does it still hold in the dreams of other "capitalist" nations? Well, Britain for one is making a great experiment in socialism. She has had some four years of socialism, going far in nationalization and even daring to socialize medicine. Another general election is due to be held by July of next year and then the people will pass the verdict on the question of security versus self-reliance, as Mr. Hoover phrases it.

That verdict will be by a nation which achieved its greatness through "competition, in individual adventure, new undertakings and new achievements."

Sports

By the Associated Press
Baseball

Boston—The Red Sox traded outfielder Sam Mele and pitcher Mickey Harris to Washington for pitcher Walt Masterson.

New York—The New York Giants and Cincinnati Reds swapped catchers. Walker Cooper went to the Reds and Ray Mueller came to the Giants.

Colorado to Sponsor Sex Conference

Boulder, Colo., June 14 — (AP)—The University of Colorado—where two students have been brutally slain this school year—will sponsor a conference to attack the problem of "sex offenses" and bizarre crimes on a national scale.

President Robert L. Stearns announced the university's plans at commencement exercises yesterday as authorities sought the slayer of the most recent victim—Roy F. Spore Jr.

The 19-year-old sophomore was killed last Thursday night, seven months after another student, Theresa Foster, was slain. He was beaten and thrown into Boulder creek, defending his date from the assailant.

In Miss Foster's death, Joe Sam Walker, a 32-year-old metal worker, was convicted of second degree murder.

There are few tangible clues in the Spore killing.

In his commencement address, Dr. Stearns said persons who commit sex offenses and bizarre crimes are mentally sick.

Nevada County Stretch on 24 to Be Paved

Little Rock, June 14 — (AP)—There'll be fewer stretches of gravel in Arkansas' main highways four years from now, says Highway Director J. C. Baker.

Baker said the McMath highway program proposed to complete paving on Highway 24, 29, 79 and 82 and possibly Highway 70.

The director wouldn't estimate what number of the state's gravel roads will be blacktopped.

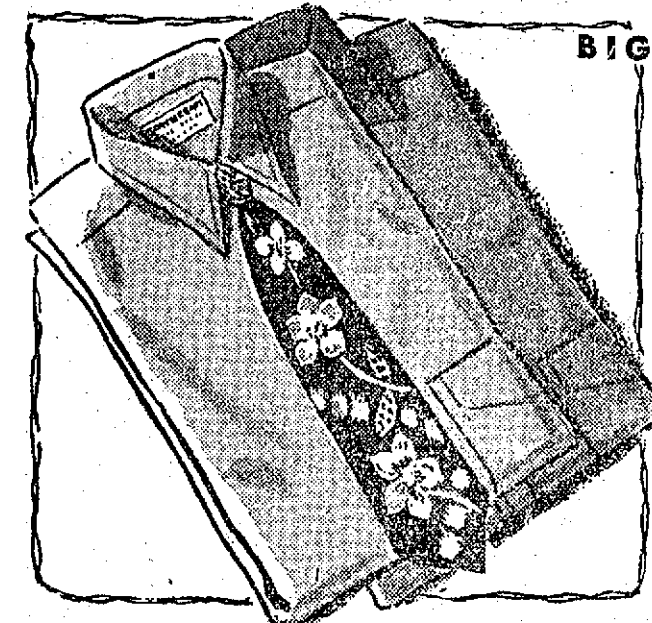

Because of uncertainties of the federal matching formula and allocations and because of other factors "it would be impossible to make even a wild guess at this time," he declared.

Asphalt is found in lakes or in rock-like outcroppings and is also made in the process of refining petroleum.

Just how high is
"HIGH
COMPRESSION"
?

White sidewall tires, as illustrated, available at extra cost.

WHEN the talk turns to cars and car engines these days, that's a topic you hear much about.

So it's fairly interesting to note that, even back before the war, Buick engines like this one were touring the testing grounds with compressions as high as 10 to 1.

Even later than that this same big Buick power plant has been filling our engineers' notebooks with data on 8 to 1 compression ratios.

What has come out of this? Two or three interesting points.

First of all, that this big Buick Fireball valve-in-head straight-eight already has a compression ratio that

gets as much out of present fuels as any engine on the market.

Next, that these ratios can readily be stepped up to fit higher octane gasolines as they become available.

And probably most important of all, that high compression is only one measurement of a good engine.

There's the fundamental matter of engine efficiency—power output per cubic inch of displacement, engineers call it. On that score, Buick stands where it always has—just about tops in its field!

Which means, in very simple words—better go see for yourself.

The fun you get from your car—the pleasure and satisfaction it gives you—are best measured in just one place—behind the wheel.

So we invite you to see your Buick dealer for a firsthand test of Buick. Take it in your own two hands and find out how good it feels, how full of get-up-and-go.

It won't take long to make it pretty clear that the place to get your order in is the place where you get Buick power.

MORE CLEARLY THAN EVER
"Buick's the Buy"

Social Calendar

Tuesday, June 14
The City Federation of Garden clubs will meet at Paisley school, Tuesday June 14 at 4:30 p.m. for a showing of flower garden pictures by Tom Mull of Little Rock. Following the show, the members will have their annual picnic at the Fair park.

There will be a ladies prayer meeting at the First Pentecostal church, Tuesday at 2 p.m.

The Intermediate camp will begin at Okolona and will last through Sunday noon. Members of the First Christian church attending are asked to be there Tuesday at 10 a.m.

Wednesday, June 15
The teachers meeting at the Garrett Memorial Baptist church will be held Wednesday at 7 p.m. with prayer service at 7:30 p.m.

Wednesday, June 15
The rehearsal of the youth choir of the First Baptist church will be held at 8:30 p.m. Wednesday.

The First Baptist church fellowship hour will be held at 7:30 p.m. Wednesday.

The prayer meeting of the Unity Baptist church will be held Wednesday, at 7:45 p.m.

The Hope Gospel Tabernacle will have a prayer and Bible study Wednesday, 7:30 p.m.

Thursday, June 16
There will be a teachers meeting at the Unity Baptist church Thursday at 7:45 p.m.

Chapter No. 328, Order of the Eastern Star will meet Thursday night at eight o'clock for the regular monthly meeting.

The Alpha Zeta Chapter of Beta Sigma Phi will meet in the home of the director, Mrs. E. F. Formby, Thursday, at 7 p.m.

Miss Carlene Bruner Feted at Breakfast
Mrs. Frank Johnson and Mrs. R. M. LaGrone, Jr. entertained with breakfast at the Barlow Hotel.

Tuesday morning at 9:15 for the pleasure of Miss Carlene Bruner, bride-elect and honoree of many pre-nuptial parties.

The table was centered with a lovely white pottery bowl containing white daisies surrounded by white swans. The honoree's place was marked with a corsage of sweetheart roses and a gift of her chosen pattern of China. Fifteen guests enjoyed the occasion.

Mrs. Oliver Hostess
Circle One of the Women of the First Presbyterian church met with Mrs. Nell Oliver in the Gile Lewis home, Monday afternoon at four o'clock. The circle leader, Mrs. D. D. Booth, presided over the business session.

Mrs. J. W. Branch was in charge of the program after which a delightful salad plate was served by the hostess to 12 members.

Mrs. Joplin
Entertains Circle 2
Mrs. Thel Joplin was hostess to Circle Two of the Women of the First Presbyterian church, Monday afternoon at four o'clock. Co-hostess for the meeting was Mrs. Olin Lewis.

Mrs. A. E. Stonequist and Mrs. A. J. Neighbors presented the program on "Presbyterianism in Arkansas". Mrs. C. C. Lewis, circle leader presided over the business session.

The hostesses served a sandwich and dessert plate to 13 members present.

Circle 3 Meets
With Mrs. McRae
Mrs. Dorsey McRae, Sr. entertained members of Circle 3 of the Women of the First Presbyterian church, Monday afternoon at four o'clock.

Mrs. Binford McRae, co-hostess, and circle leader, conducted a business session after which Mrs. Perry Mosses gave the Bible study. Mrs. Dorsey McRae gave the survey article.

During the social hour, the hostesses served a dessert plate to 15 members.

Easterling-Green
Engagement Announced
Mr. and Mrs. Homer Easterling

announce the engagement and approaching marriage of their daughter, Betty Frances, to Orville Green, son of Mr. and Mrs. H. B. Green, of Hope.

The wedding will be solemnized in late June.

Matthews-Mullins
Engagement Announced
Mr. and Mrs. J. M. Matthews announce the engagement and approaching marriage of their daughter, Helen, to Charles Q. Mullins, son of Mr. and Mrs. O. W. Mullins of Bodewy.

The wedding will take place Sunday, June 19 at the Shover Springs Baptist church with Reverend Carlton Roberts officiating.

W. S. C. Meets
at Church Monday
All circles of the W. S. C. S. of the First Methodist church met Monday at the church at four o'clock. The meeting was opened with the group singing the hymn "A Change To Keep My Love".

The minutes of the last meeting were read and approved.

Mrs. R. T. White presented a report from the budget committee. A motion was made and adopted that the budget be accepted.

Mrs. Steve Carrigan, Jr., missionary education chairman, will attend the meeting of the school of Missions to be held in Conway at Hendrix college, June 20-24.

The local treasurer's report was given by Mrs. E. P. O'Neal and a motion was made and adopted that the W. S. C. S. have new choir robes made. Mrs. L. B. Tooley gave other various reports.

The program was presented by the members of the Wesleyan Service Guild. Mrs. B. C. Hyatt, gave an inspiring devotional, taken from the 12th chapter of the Epistles of Romans, "A Goodly Heritage".

The program was presented by the members of the Wesleyan Service Guild. Mrs. B. C. Hyatt, gave an inspiring devotional, taken from the 12th chapter of the Epistles of Romans, "A Goodly Heritage".

Coming and Going
Mrs. Homer Easterling spent the week-end with relatives and friends in Shreveport.

Mrs. R. V. Herndon Sr. left Monday to join Mrs. C. C. Colvin of Bernice, La. in a vacation visit in Shreveport.

Mrs. Oscar Greenberg and sons David, Buddy and Bobby returned Monday from Houston where they visited Mr. and Mrs. Clyde Robertson and son Terry. They were accompanied to Hope by Mrs. H. P. Robertson, who has spent the past two weeks there. Jim Robertson remained for a longer visit.

Mrs. T. L. McDonald of Ennis, Tex. is the houseguest of Dr. and Mrs. L. M. Lile.

Miss Carolyn Carson of Little Rock is visiting her cousins, Miss Nancy Hays at "Oakhaven".

Walter Verhalen, Sr. and son Paul of Dallas were visitors in Hope Monday and Tuesday.

Mr. and Mrs. C. H. Hanson of St. Louis have returned to their home after a visit with Mrs. Hanson's brother, Mr. and Mrs. E. F. Formby.

Miss Willone Halbert left Monday night for her home in Little Rock after a visit with Mr. and Mrs. E. F. Formby. She was accompanied to Little Rock by Miss Ruby Nell Parsons, who will spend several days there.

Mrs. Holland Brown has returned to her home in Benton after a weeks visit with her parents, Mr. and Mrs. E. F. Formby.

Mr. and Mrs. C. Cook, Sr. and Mr. and Mrs. C. Cook, Jr. left Sunday morning for Rochester, Minn. where C. Cook, Jr. will undergo treatment at the Mayo clinic.

Personal Mention
Friends of Miss Mary Anita Laster will be glad to learn that she is doing nicely at the Mayo Clinic in Rochester, Minn.

Hospital Notes
Julia Chestnut
Admitted: Mrs. Wilton Esters, Lewisville; Mrs. C. D. Dickinson, Hope.
Discharged: Bob Keel, Washington; Mrs. Cecil Hicks and son, James Lary, Sparkman, Ark.

Discharge
Discharged: Mrs. H. E. Lockard, Gen. Del. Hope; Mrs. Ernest Ridgill, Hope; Mrs. Frances Collier, Taylor; Mr. Lynn Browning, Hope; Mr. J. W. Smith, Hope.

Branch
Admitted: Mr. Dawson Crawford, Rt. 1, Ennis.
Discharged: Johnny Ray McKinney, Rt. 3, Hope.

South Senators
Rally Against Cotton Buying Slash
Washington, June 14 — (AP) — Senators from the cotton country rallied today against any "drastic slash" in cotton purchases for the European recovery program.

Most of them want a cut in recovery spending — but they are standing firm against cotton being singled out for economy sacrifice by the senator appropriations committee.

DOROTHY DIX Stylish Marriage

Dear Dorothy Dix: Our daughter is planning to be married soon and resents our suggestion of having a simple home wedding such as we feel that we can afford. Her plan is to have a brilliant church wedding at night with every friend and acquaintance invited. We object to this because it would be a great financial strain upon us. What shall we do?

Answer: If you have even an elementary backbone you will refuse to accede to your daughter's unreasonable demands and simply tell her that you will not be bullied into going into debt for a silly display that you cannot afford.

Nowhere else in the world do people get so little run for their money as they do at a splurge wedding, and why people who are poor or in moderate circumstances ever make such a bad investment is one of the things that nobody can explain. From the time the bride is in the church and the orange blossoms into the church and out of it generally does not consume more than 15 minutes, yet for that brief period of having the spotlight turned on her she has paid hundreds and often thousands of dollars. And it isn't worth it.

A Crime
When a poor girl has a show wedding it is a crime, because it means that for the sake of flaunting herself in the public eye she has been willing to run her poor old father into debt, to lay upon his already burdened shoulders an additional load that will make them sag still further downward and that she has subjected her whole family to pinching economies that they will have to endure for years to come while they are trying to pay off the debt of her folly and vanity.

Moreover, unless she is marrying a rich man, and that is seldom the case, she is starting out in her new life on the wrong foot because she is beginning in a way that she cannot keep up. Also, she is making both herself and her young husband ridiculous because for a poor young couple who are going to live in a two-by-four flat and who have not even their furniture paid for, to get married as if they were millionaires is merely to hand all of their friends and acquaintances a derisive laugh.

Dear Dorothy Dix: Is there any cure for a liar? Or for one who finds it easier and pleasanter to believe a lie than to face the truth? I am still a young girl,

though I have been married for six years to a liar. Harry left him three times and have only just returned to try a fresh start again, but find after only four months that he has been lying to me just the same. Once again I find myself hating him for it and planning to leave and go back to business. Do you think I am right or wrong?

Answer: I do not believe that a liar ever ceases to lie or becomes trustworthy. The truth simply isn't in such a one, and he or she cannot become dependable and straightforward.

If you have tried on three different occasions to get along with your husband and every time he has deceived you, I think you are foolish to waste any more time on him. It will always be the same old story of fair promises that are never kept or reformations that never reforms of quarrels and reconciliations that keep you forever upset and miserable. Better just give the liar up unless you love him small enough to forgive his duplicity and not let it make any difference to you.

SAPHIRA
Answer: You can't. The day has gone by when a girl could pose as a victim of the perfidy of man and be wept over and pitied instead of being condemned. The old ignorant, innocent, credulous racket has played out. Everybody now knows that the modern girl knows her way about and is perfectly aware of what she is doing and into temptation it is because she is out looking for it.

So my advice to you is to be a good sport and take your medicine. Your friends and acquaintances will have a lot more respect for you than they will if you leave the man to stand all the oblique alone. And you will simply give them a laugh if you try to play the innocent.

LUCKIES PAY MORE

to give you a finer cigarette!

Yes, at tobacco auctions Lucky Strike pays millions of dollars more than official parity prices for fine tobacco!

There's no finer cigarette in the world today than Lucky Strike! To bring you this finer cigarette, the makers of Lucky Strike go after fine, light, naturally mild tobacco—and pay millions of dollars more than official parity prices to get it! So buy a carton of Luckies today. See for yourself how much finer and smoother Luckies really are—how much more real deep-down smoking enjoyment they give you. Yes, smoke a Lucky! You'll agree it's a finer, milder, more enjoyable cigarette!

CURTIS A. WALKER, veteran independent warehouseman of Wendell, N. C., says: "Season after season, I've seen the makers of Luckies buy fine tobacco...tobacco that makes a mild smoke. I've smoked Luckies myself for 20 years." Here's more evidence that Luckies are a finer cigarette.

L.S./M.F.T. — Lucky Strike Means Fine Tobacco

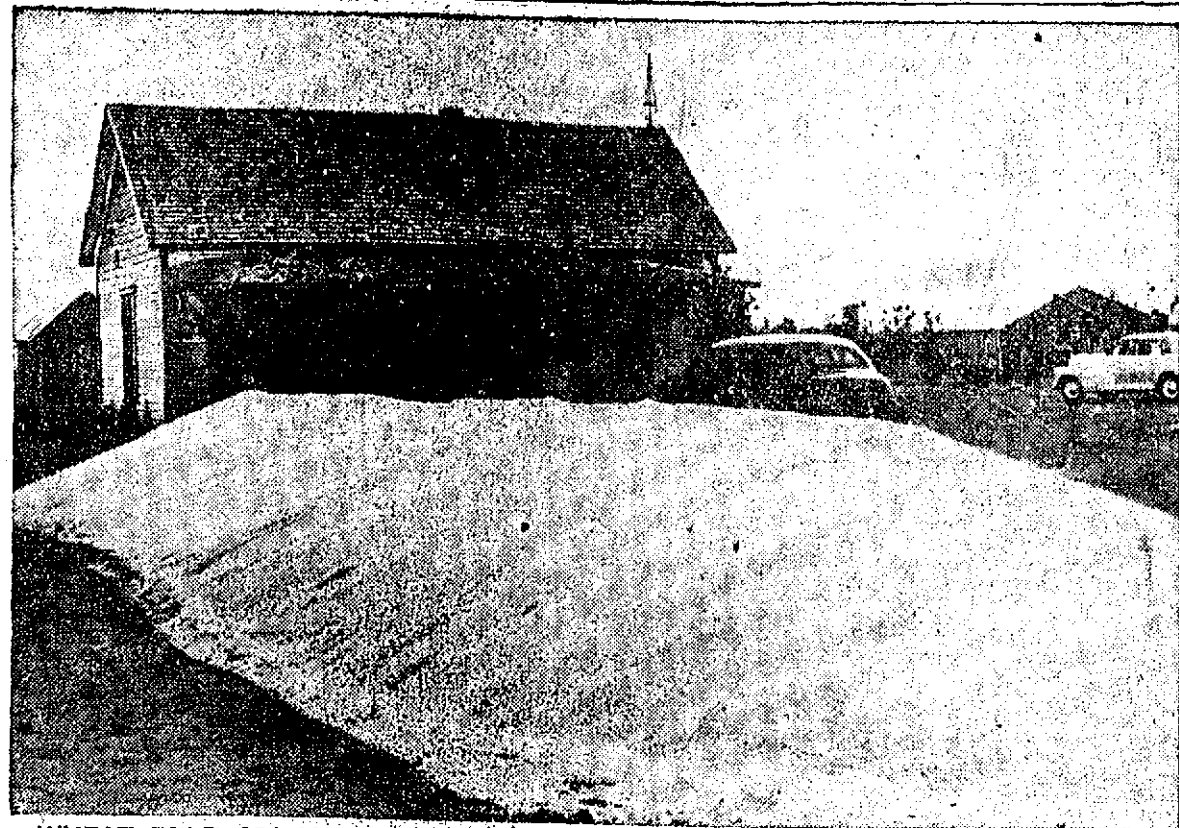

So round, so firm, so fully packed—so free and easy on the draw

PRETTY, SOFT—A new plastic mattress floating in a Palisades, N. Y., pool comes in for some attention as Alice Gale, left, and Marion Richards decide to try it for size. They say it's smooth sailing and ideal for a relaxing sun bath.

FAITHFUL IN HIS FASHION—This dead dog has a really faithful buddy. The little fellow sat beside his fallen friend when the animal was struck by a car on a Chicago street and remained there until the body was removed eight hours later.

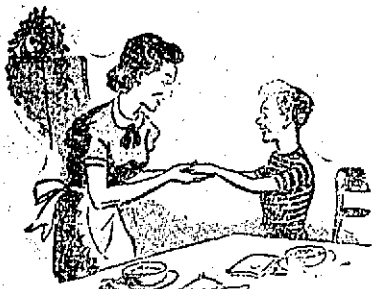

WHEAT BELT CRISIS—This huge pile of wheat was dumped on the ground in Vernon, Tex., by farmers faced with a severe shortage of storage space. Wheat growers in the area are rushing to complete makeshift granaries to store the precious grain in hopes prices on this year's bumper crop of winter wheat will not drop any further.

SWARM OUT TODAY—Patrolman Frank Jensen, called out on a special hot assignment to round up a swarm of angry bees in Philadelphia, Pa., digs into the job. Here, he sweeps through the bees with a kitchen broom, looking for the queen bee before he tries to lure them to the honeycomb.

Polio Precautions

The golden rule of personal cleanliness should be observed particularly in the usual summer polio epidemic months. Food should be kept tightly covered and safe from flies and other insects. The same applies to garbage, which, where other disposal facilities are lacking, should be buried or burned.

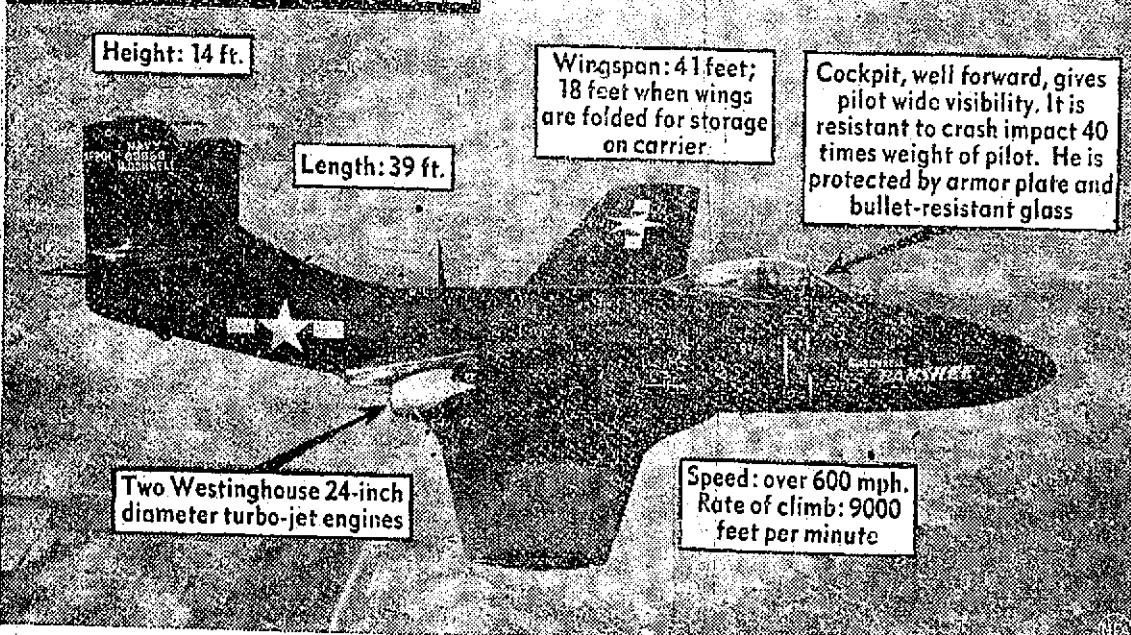

Children should guard against sudden chilling during the summer polio epidemic season. Wet shoes and clothing should be removed at once and extra blankets and heavier clothing kept handy for sudden weather changes.

Polio Precautions

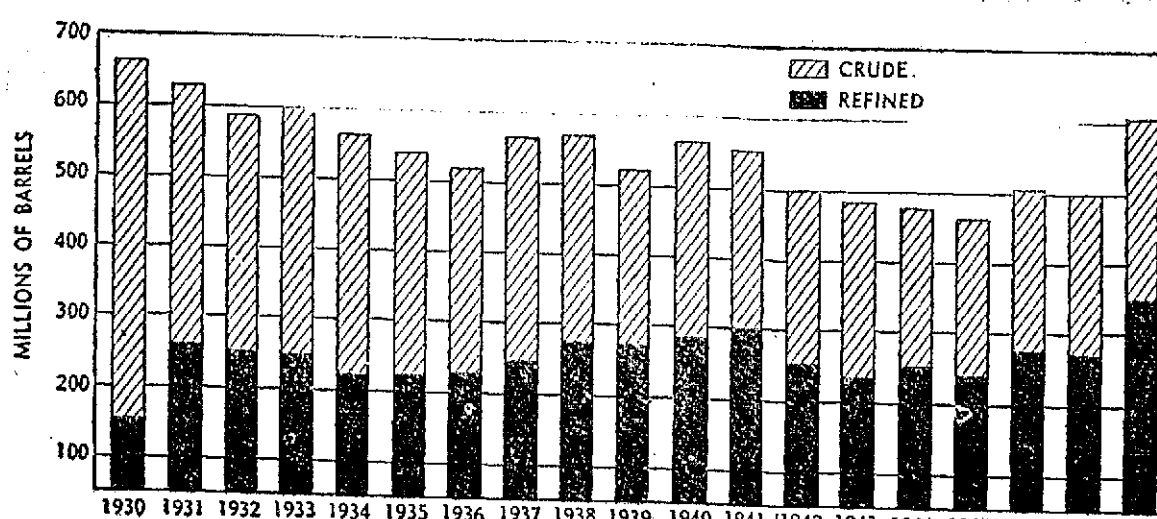

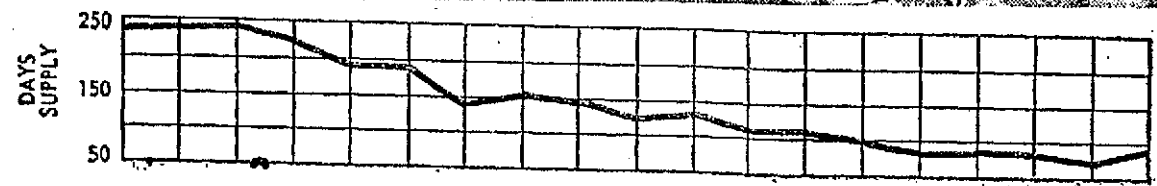

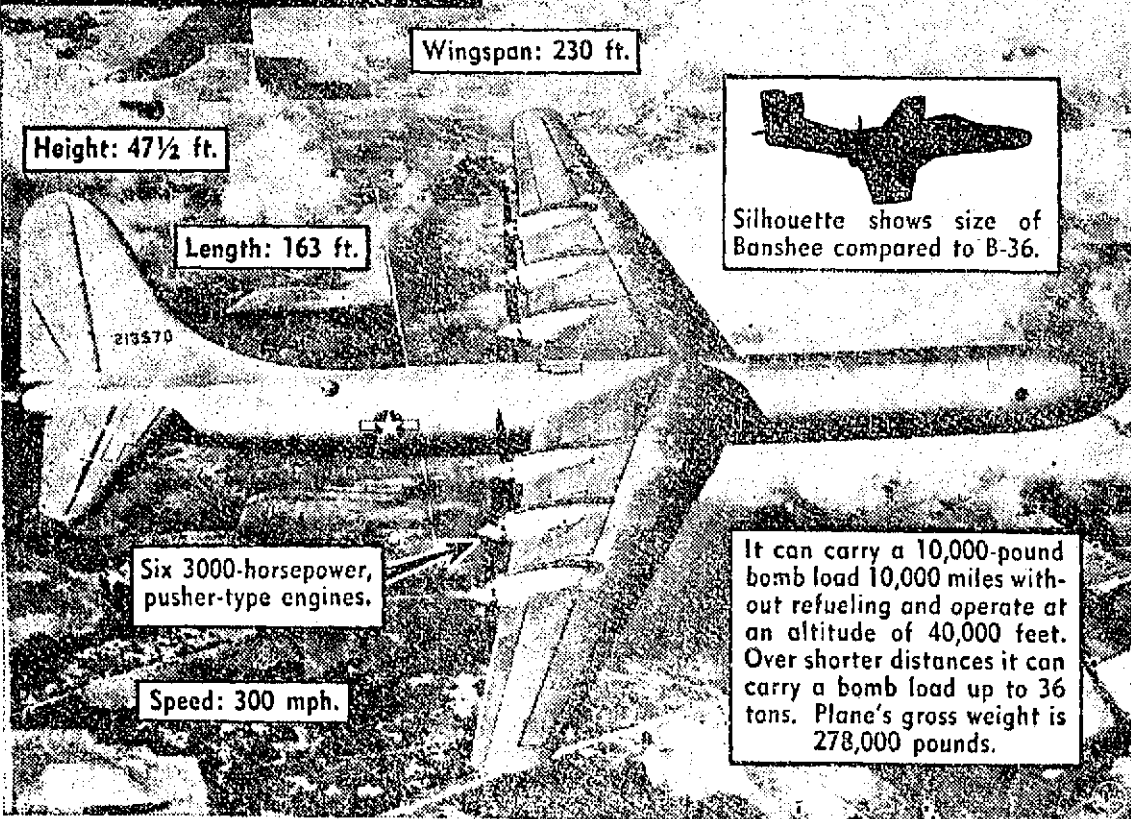

During hot summer months, a good health rule for children is to avoid over-fatigue caused by too active play or exercise, or irregular hours. This rule is particularly important in polio epidemic areas.

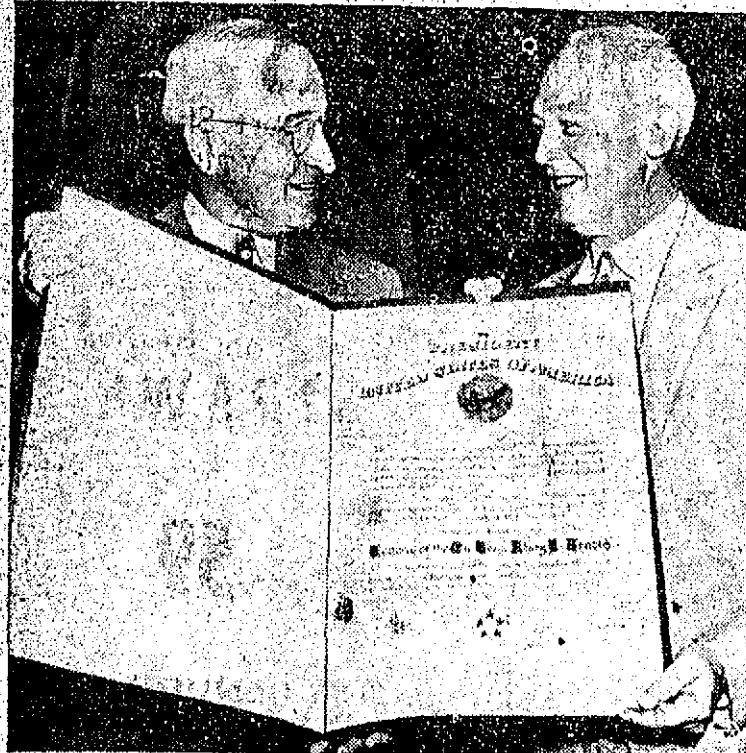

NAVY BANSHEE

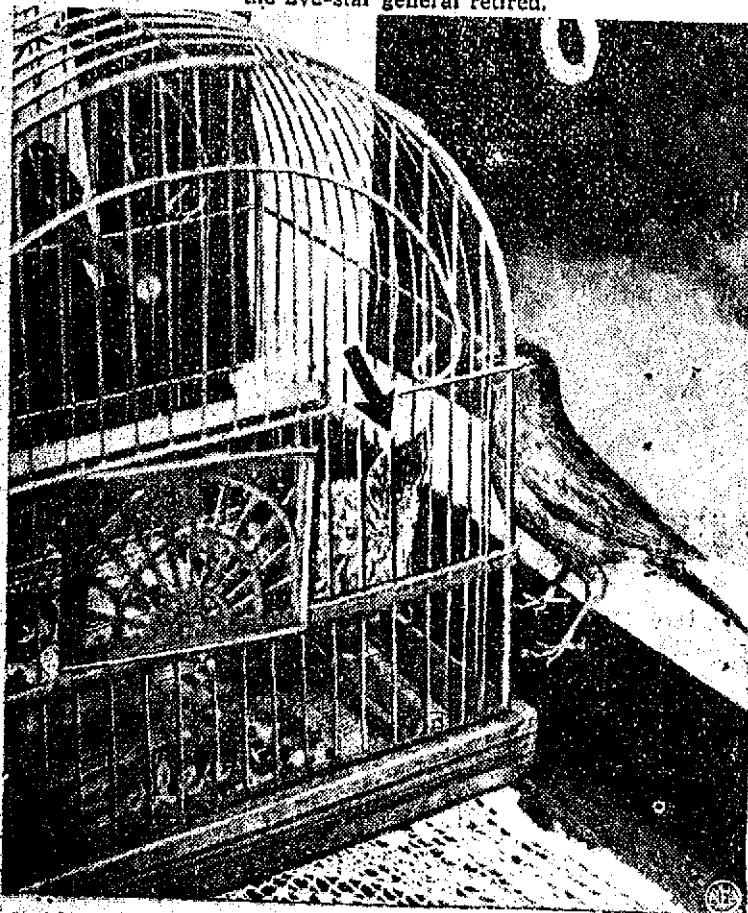

AIR FORCE B-36

UNCLE SAM'S OIL STOCKS—Lower chart shows amounts of crude and refined petroleum products on hand from 1930 to last year. Although the total for 1948 is slightly larger than that for 1933, it is dangerously low. Note on top chart that 1933's 602,198,000 barrels represents 225 days' supply. Due to vastly increased consumption, 1948's 607,302,000 barrels represents only 92 days' supply at present rate of demand.

DOUBLE TAKE—Gen. H. H. Arnold walked into President Truman's office as an Army officer and left as a member of the Air Force. Here, the President presents the nation's top wartime air officer with a special commission transferring him from one service to the other. The Air Force was set up as a separate unit after the five-star general retired.

A GUY'S BEST FRIEND IS HIS MOM—Neither presence of humans or bars of a cage keep a certain Mrs. Robin from feeding her baby his formula on schedule. This baby bird (arrow) was rescued from a cat by Mr. and Mrs. Stephen Eva, Jr., of Cleveland, O., christened Lucky and housed in an old bird cage to recuperate. Every 15 minutes, from 6 a. m. to 6:30 p. m., the mother bird flies from her nest behind the Eva garage, through the open dining-room window, with a beak full of robin baby food for her young one.

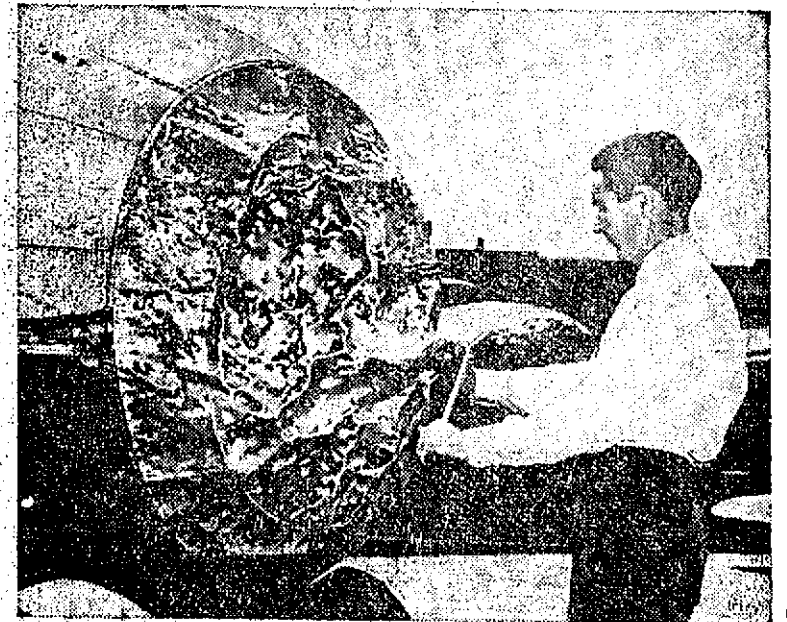

NON-SKID KID—Bathtub spills are on their way out, say the inventors of a new non-skid solution to be poured into bath water. Here Laurie Phillips, 3, keeps her balance as Mrs. Eugene Farmer tilts the tub, treated with the liquid, at the first International Inventors Exposition in New York. Mrs. Farmer's husband manufactures the solution.

FAIR SAILING—Elizabeth Taylor, 17-year-old film star, poses aboard a boat with her fiancé, William D. Pawley, Jr., 28, son of the wealthy ex-ambassador to Brazil, after they announced their engagement at the Pawley home in Miami Beach, Fla. They plan to marry early next year in California and live in Florida. The actress denied she ever was engaged to Lt. Glenn Davis, former Army football star.

BRIDE-TO-BE—Barbara Manning, Los Angeles socialite, will become the bride of Democratic Gov. Fuller Warren of Florida on June 28. The wedding will take place in the Westwood Community Methodist Church in Los Angeles. After a Florida honeymoon, the couple will live in the Governor's Mansion, Tallahassee.

IN TEXAS THEY'RE BIGGER, NATURALLY—Harry Johnson, airline foreman in Dallas, looks over the battered nose of a DC-6, which was pounded by a freak "Texas-size" hailstorm over the western part of the state. The Los Angeles-bound plane returned to Dallas where passengers boarded another flight.

AMBASSADRESS?—Mrs. Eugene Anderson, Democratic National Committeewoman from Minnesota, is expected to be named ambassador to Denmark by President Truman. If appointed, she will be the first woman ambassador in U. S. history.

EGGS FALL FLAT—This white leghorn hen owned by Mrs. Charles Valek, of Valley View, a Cleveland, O., suburb, lays flat eggs. But every now and then, the bird lays a normal rounded egg. Mrs. Valek doesn't know what to make of it. The healthy hen seems to think nothing is odd at all. She cackles just like other hens and for just as long. Mrs. Valek says she is going to put a flat egg under a setting hen to see if it hatches a flat chicken. A neighbor suggested it might produce a chicken patie.

A Few Words Make a Lot of Difference

By JAMES MARLOW

Washington, June 14 — (AP) — The house un-American activities committee has asked people "are you or have you been a Communist?"

1. Those who said flatly "I refuse to answer" were cited for contempt of congress, tried, found guilty, and sentenced.

2. Those who said "I refuse to answer" and added "because it might incriminate me" had no trouble at all.

Those extra few words "because it might incriminate me" make a big difference in deciding whether a man is contemptuous.

Two years ago the committee,

investigating communism, called in 10 Hollywood writers and asked them the \$64 question.

When all of them flatly refused to answer, they were cited for contempt of congress.

And two of the 10—John Howard Lawson and Dalton Trumbo—were tried in federal court, found guilty, and sentenced to a year in jail and a fine of \$1,000.

They wanted to make a test case of it, so they were freed on bond while they appealed to the U. S. court of appeals. (Trial of the other eight cases has been held up pending the outcome of the appeals.) Yesterday, the appellate court said the lower court decision was right.

Why hadn't the men answered the committee's question? They argued: The constitution protects a man from being compelled to disclose his private beliefs; and so, he can't be punished being silent about them.

Not in this kind of case, said the appellate court. Why? It ruled: The right of free speech is not absolute. The country's welfare comes first. And if the country's welfare is involved, a man can be compelled to speak under penalty of being jailed if he doesn't.

The court reasoned that this country's welfare was involved in this case in the question of communism because:

1. The fate of the world, includ-

Arkansas Has Few Strikes Past Year

Washington, June 14 — (AP) — In comparison with other states, Arkansas had an excellent record last year in the number of labor disputes and working days lost because of them.

A labor department report shows there were only 12 strikes or work stoppages in Arkansas during 1948. These involved 4,100 workers who lost a total of 87,000 mandays.

Only seven other states had fewer work stoppages; 16 had fewer workers involved and 14 fewer mandays lost.

Nationally the total number of strikes was 3,419. They directly involved 1,950,000 workers who lost a total of 34,100,000 mandays.

The report included all known work stoppages arising out of labor-management disputes involving six or more workers and lasting a full day or shift. Figures do not include any secondary effects of work stoppages.

Arkansas ranked ahead of most of her neighbor states. Their records for the year include:

Missouri 65 stoppages, 15,600 workers involved and 371,000 man days lost; Oklahoma 17, 3,300 and 78,000; Kansas 13, 10,400 and 410,000; Texas 10, 25,100 and 260,000; Louisiana 22, 12,700 and 192,000; Mississippi 8, 1,400 and 54,300; Tennessee 7, 27,200 and 441,000; Kentucky 117, 82,100 and 1,350,000.

ing this country's, is at stake in the present struggle between communism and democracy.

2. Since the un-American activities committee was investigating communism, it had a right to ask the question.

But suppose the men, instead of saying only "I refuse to answer," had added "because it might incriminate me" to their answers.

It's impossible to say what then might have happened in this particular case, or what might happen in some future case. But—

No action has ever been taken against anyone who appeared before the un-American activities committee and refused to answer about communism because it "might incriminate" him.

Under the constitution a man can't be compelled to say anything about himself if it might incriminate him. Well this always be true?

Maybe not. In some future case congress and the courts may decide this constitutional protection doesn't apply to communism.

So far, though, the little phrase, "because it might incriminate me," has been a good escape hatch for anyone not wanting to say whether he's a Communist.

But there are a couple of things to remember about this appellate court decision:

1. It applied to a particular situation: What happened with the un-American activities committee. It was investigating communism.

2. The same court might not think a man guilty of contempt of congress at all if—say—he refused to answer about communism before some committee investigating farming, not communism.

3. The question is not fully settled anyway. The convicted men will appeal to the supreme court for the final word.

Fair Enough

by Westbrook Pegler
Copyright, 1947
by King Features Syndicate.

New York, June 12 — The Communist line or policy toward Spain is generally the same as Eleanor Roosevelt's. They are against Spain because Franco is a "Fascist." Their opposition has been influential in the maintenance of the hostile policy of the United States toward this friendly nation.

As the Chambers disclosures and the queer testimony of A. A. Berle have shown, our state department was and remains infested with Communist agents and spies and a type of traitor who is called "pro-Russian." The best that can be said of "pro-Russian" is that he is a partisan to the enemy in the cold war.

As much other testimony has shown, Eleanor the Great gave aid and comfort and lent the political and psychological prestige of the White House to Hannes Eisler and the queer testimony of A. A. Berle, Louis Adamic and William S. Galt, the thief, Lash, Adamic and Galt were entertained in the presidential mansion at her invitation. Secretary of State, the saraband draft-dodger and swindler, who comes under the head of miscellaneous social vermin, also moved in those curiously select circles during the war when sedition starts in the war of the four freedoms were in the air.

In the later stages of the war, Winston Churchill made an oblique but gracious pass at Spain to the effect that her friendly, or at worst, harmless attitude when she might have cost many American lives and possibly the victory, deserved cordial recognition. Although she had no official position and notwithstanding her denials that she ever abused the honor of status which she expected to the last dime, the Roosevelt woman immediately repudiated those sentiments of the British prime minister in a gratuitous blab of her own at the political monstrosity which she called her press conference.

The newspapers were at fault in creating this sinister institution and inflating the equally dubious and mysterious political personality which by this process they helped her to become.

The Communists, of course, were savagely opposed to the victorious Christian regime in Spain because General Franco had beaten their Communist army, including the Abraham Lincoln battalion which were recruited in New York by Roosevelt's tolerance in an open challenge to the religious sentiments of all Americans of whatever faith. The fact that Franco imposed a Fascist regime in Spain was a hydra-headed monster of protest by his opponents here. In the first place, the only alternative, the Communist form of tyranny, is, to say the best of it, incomparably worse than the Franco government and the fall of this government would mean the extension of the Russian empire to the waters edge of Western Europe. For another point, the objection that Franco is not permit religious freedom, if that is true, is none of our business unless we have taken on a mission to police the soul of the world. And, for a third, whoever can approve or tolerate the suppression of all religion and moral and political hostility to Jews in Soviet Russia, has no right to criticize Spain.

The Communists arrived at their policy independently, but Eleanor the Great has admitted being an intellectual parasite, or brain-picker, and a fourflusher pretending to knowledge which she had not and might be the victim of a lifelong habit of insincerity or ignorance. At any rate, she has never taken the trouble to look into her following, some of whom regard her as the matriarch of a holy family, how she can collaborate with Communists and honestly abhor a mild form of dictatorship. For that matter, her husband imposed on the Americans many of the same restrictions that Franco puts upon the Spaniards and she, herself, in print, advocated the compulsory draft and allocation of "all of our women as well as men, at whatever jobs the commissars might decide, at whatever pay."

In view of a pro-Communist superstition that fascism equals nazism and is therefore anti-Jewish, the some enlightening testimony given in secret before the house committee on foreign affairs in Nov., 1943, by Breckenridge Long, an assistant secretary of state in charge of a refugee bureau called the special division. The late Sol Bloom was in the chair and the testimony was locked away until the war was over. By that time it was forgotten and the little communist print which contained the story is one among thousands which are meaningless by the titles.

"The committee is in executive session for consideration of house resolution 350 providing for the establishment by the executive (one of Roosevelt's titles in the new deal theology) of a commission to effectuate the rescue of the Jewish people of Europe, Mr. Bloom said.

Long waded into a long discussion in the course of which he said: "There were in Spain about 30,000 people who had come across the Pyrenees — French citizens, German refugees, all manner of people who had escaped into Spain. The Spanish government placed them in internment camps. We engaged in an effort to get these people moved. Spain could not afford to keep them there. Spain is not a rich country. I think (eventually) about 60,000 people came across the Pyrenees. Spain could not afford to keep these people particularly because of its difficulty in feeding its own people in time of war and the limitations imposed by the transportation of food supplies. So the Jewish joint distribution committee here and several other agencies were interested in sending money to Spain to help them help these refugees. They were able to get these people out of camps and into hotels until they could get them out of Spain. By the underground movements you could aid people to get across the Pyrenees into Spain. Spain would not stop them from coming in. So the Spanish situation is practically cleared up. We are ready to take all new refugees out of France or

Trieste Voters Favor the West World

Trieste, June 14 — (UP) — Voters in the international city of Trieste have rebuffed both pro-Communist and pro-Fascist propaganda, indicating their sympathies lie with the West. Complete official returns from Sunday's elections showed today.

The election, conducted by the Allied military government for the Anglo-American zone of the free territory, was held to give the city on the fringe of the Iron Curtain its first freely-elected administration since 1921.

But the balloting actually had international significance because of the fight between pro-Italy parties and Communists on the future of the free territory.

The balloting proved overwhelmingly that the popular preference would support the American, British and French proposal to return Trieste to Italy rather than to maintain it as free territory.

With final returns in from all 277 precincts, the Italian parties supporting the Western position took 40 council seats against 20 for the 40-Italian parties.

The Christian Democratic party, which sent Premier Alcide De Gasperi to power in Italy in that country's first last year against communism, also proved the strongest party in Trieste. It won 25 seats.

Communist and pro-Communist, advertising the Moscow brand of communism, the enemies of Tito Communists proved the second and strongest party with 13 seats.

The Christian Democrats received 65,627 votes against 35,458 for the Communist party.

On a percentage basis, Trieste's voters gave the pro-Italian and pro-West parties 64.5 per cent of the votes, the anti-Italian and pro-Communist parties 30 per cent and the remainder of the votes to parties running on platforms calling for an independent Trieste.

Officers Charged With Depriving Negro of Rights

Memphis, June 14 — (AP) — Federal trial resumed today of six Tennessee law officers charged with depriving a Negro prisoner of his constitutional rights and beating him so severely he lost an eye.

Government witnesses were expected to end their testimony sometime today.

On the stand yesterday, the Negro occupied territory. Spain will assist them.

"Spain did stop, right after the German occupation of unoccupied France, when so many people, hundreds of them, started across the border. We said: 'do not stop these people from coming in. They said: 'A right they withdrew their armies. They were there only three days. And since that time the flow has been coming.

Thirty-two nations joined a so-called intergovernmental committee of refugees, but Mr. Long said Russia was not among them.

gro, 34-year-old John Wesley Scott, pointed out Tipton County Sheriff C. P. Forbess and Robert Gilt, city marshal of Covington. He said they were the men who slugged him with blackjacks, smashing his left eye.

The Negro said he was beaten when he was recaptured after breaking out of the Tipton county jail, where he was awaiting trial. Scott now is serving a three to seven year prison sentence for housebreaking and larceny. He said he was innocent of any crime. Scott testified that after he was beaten he advised to "forget the whole thing."

Comic Books Responsible for Saving Life

Corinth, Miss., June 14 — (UP) — An argument in favor of much-criticized comic books turned up here today.

Annette Lassiter, 13, told how she pulled an 11-year-old playmate from a pond and then saved his life by administering artificial respiration.

"I did it just like I saw it done in comic books," Annette said, telling how she saved Richard Bailey.

The eighth-grade girl said Richard was "all cold and blue" when she grabbed him by the hair and jerked him out of the pond.

She told another playmate to lie down and rolled Richard across the boy's back. "Then I pushed in his sides just below the ribs, and pretty soon water gushed out of his mouth."

Two Arkansans Killed in Auto Accident

Brinkley, June 14 — (AP) — A Pine Bluff, Ark., optometrist and his wife were killed, and two girls were injured severely in a collision of two automobiles four miles west of here on Highway 70 late yesterday.

Dr. Preston Castleberry, 59, died instantly; his wife died a few hours later at a Brinkley hospital. The girls, Elsie Bob Farris, 14, and Ruth Melcher, 16, both of Giddings, Tex., suffered head and face injuries and were taken to a Brinkley hospital. The two were members of a party of six from Texas on route to the convention of the Future Homemakers of America at Memphis. No one else in the party was injured seriously. The Texas automobile was driven by Mrs. Willie B. Glover, Austin, Tex.

Deaths of Dr. and Mrs. Castleberry were the second and third from traffic accidents in Arkansas this week.

Elizabeth Jeffrey, 18, of Mt. Olive (Izard county), was killed in a highway mishap near Batesville early Sunday.

"I knew then he was all right," Annette said. Richard was sitting on the front porch, about 500 yards from the pond, as if nothing had happened when an ambulance summoned by Mrs. Lassiter arrived.

Bata limbs are not adapted for walking.

Start Selecting Jury in Borger Slaying

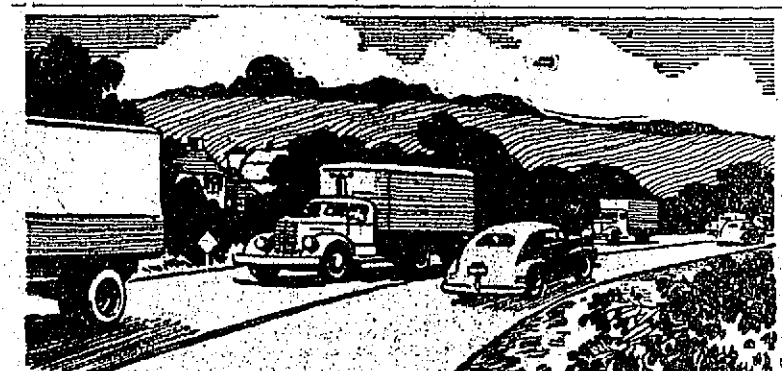

Borger, Tex., June 12 — (AP) — Selection of a jury in the murder trial of Vernon Howard Roberts, 29, Borger night club owner, started today.

White, reportedly entered a club with an unidentified man and woman to arrange a date with a waitress. The altercation followed. Eighty witnesses were summoned for possible jury duty.

Some bamboo grows to be 120 feet tall.

Medical Test Proved This Great to Relieve MONTHLY FEMALE PAINS
Are you troubled by distressing or painful functional monthly menstruation? Does this make you suffer from pain, feel so nervous, weak, high-strung—at such times? Then try Lydia E. Pinkham's Vegetable Compound to relieve each symptom. In a recent medical test this proved remarkably helpful to women so troubled this way. A free booklet is yours for the asking.
LYDIA E. PINKHAM'S VEGETABLE COMPOUND

CONCRETE ROADS Serve for Many Years At Low Annual Cost

Concrete pavements generally carry the heaviest traffic. Yet their annual maintenance cost is far lower than any other pavement intended for similar service. And the rugged strength and stamina of concrete assure long life — many years of all-weather service without interruptions for frequent repairs or rebuilding.

Compare construction costs

too, and you'll find that concrete pavement usually costs less to build than any other pavement of equal load-carrying capacity.

So with long life, low maintenance expense and economical first cost, concrete is easily the thriftiest investment for your main traveled highways, assuring, as it does, low annual cost — the true measure of pavement economy.

COMPARE THE FOUR

Fine American Automobiles

The Most Modern Gives You More — yet Costs \$875 to \$2,387 Less* to Buy

Nash has created an entirely new conception of luxurious motoring.

In the Nash Ambassador you will discover handling ease, stability and performance superior to anything in your experience.

It is built with Unitized Body-and-Frame, the solid, welded unit that lowers weight, increases room, adds greatly to safety.

It is magnificently spacious and has all the power you would dare release, yet compared with the other three fine cars, it delivers as much as 30% more gasoline mileage.

With coil springs on all four wheels, its ride is a revelation. It is quieter. It is smoother. And you will enjoy its aerodynamic beauty.

It offers so much more of the fine things you want, yet it is priced \$875 to \$2,387 less* than the other three fine cars. Discover the difference. Your Nash dealer will gladly place an Ambassador at your command.

*Based on prices reported in Automotive News, May 30, 1949

Cards, Dodgers in Crucial Series

By RALPH RODEN
Associated Press Sports Writer
Those two old antagonists, the
league-leading Brooklyn Dodgers
and the runner-up St. Louis Cardinals,
nags, go at each other tonight in the
first game of a vital three game
series in St. Louis.

Brooklyn, clicking on all cylind-
ers, leads the Cards and the third
place Boston Braves by two games
and is sporting a seven game win-
ning streak.

With the exception of a three-
game excursion across the river to
the Polo Grounds, Brooklyn has
completed a home stand that
brought 11 victories in 15 attempts.

The Cards also are pretty hot.
Stan Musial and company staged a
triumphant swing through the East
that netted them 10 victories in 13
starts.

Howie Pollet, stylish left-hander
who has won five straight games
in brilliant fashion, has been se-
lected to oppose lefty Preacher
Roe in the series opener. Roe,
whose chief fault is a home run
ball, beat Pollet, 2-0, the last time
the pair met in St. Louis, May 10.
That was the last time Pollet was
beaten.

Ralph Branca (3-1) and Don
Newcombe (3-0) or Rex Barney
(2-4) are expected to work the re-
maining, Al Brazle (6-3) and either
Red Munger (4-2) or Harry Brech-
en (5-3).

The American League's front-
running New York Yankees return
home after a road trip that saw
them win only eight of 15 games.
The Yanks left the stadium on
May 30 in first place by four and
a half games.

Casey Stengel's crew now leads
the Detroit Tigers by three games.
The Tigers, in fifth place, six
games off the pace before Memori-
al Day games, have captured 11 of
their last 15 starts.

Vic Raschi, (9-1), the league's
top right-hander, will open the
Yanks' home stay against the Chi-
cago White Sox tonight. Former

SPORTS ROUNDUP

By Hugh S. Fullerton, Jr.

New York, June 14 — (P) — This
time a year ago the New York
Giants had spurred briefly from
second to first place in the Na-
tional League. Then they spun dizzily
downward to fourth place and
within a month Mel Ott had been
given the bounce as manager and
Leo Durocher was imported from
Brooklyn for the job. They fin-
ished fifth after a brief August
fling at second. Last week the
Giants tumbled from first place on
Sunday to fifth on Friday and now
they're driven to such desperate
measures as trading one old catch-
er for another old catcher.

What's the next move? In the
same week the Yankees' "comfort-
able" lead was cut to three games.
Maybe a change of scenery
will do them both good.

Card Shark
Vernon Mackie, manager of the
Lynchburg, Va., Cardinals in the
Piedmont League, probably is the
only baseball manager who got
his job because the Chamber of
Commerce requested it. Mackie
quit baseball after last season to
devote his full time to brooding.

When the Cardinals were
doing badly this spring, John J.
Wanek, Lynchburg C. of C. pres-
ident, petitioned R. H. Smith, Pres-
ident of Western Railway, Presi-
dent of the Cardinals, to "loan" him
Mackie.

One Minute Sports Page
Tomorrow's Marcel Cerdan-
Jake LaMotta fight in Detroit
and Jim Morris, Jr., says no mo-
re home pictures will be taken. In-
troiters will have to suffer alone.

Adding a bit to the confusion
in the college baseball playoffs are
the series between St. John's,
coached by Frankie McGuire, and
Freddie McGuire's Boston college
team and the fact that Dick
Maher, Notre Dame catcher, went
up against Western Michigan,
coached by his dad, in the fourth
district final.

Since becoming
kickfield coach at Louisiana State,
Ed McCovey, who hails from
Sugar Creek, Pa., by way of
Texas, has learned to raise both
eyebrows if he gets his grits with-
out butter, salt and pepper.

J. P. Allen, veteran New York Sun
tennis writer, is recovering from a
broken leg. Vinnie Richards has
entered next week's pro tennis
championships at Forest Hills in
spite of the danger of his being
mistaken for a tennis ball. He was
round enough last time we saw
him.

Cleaning The Cuff
Oklahoma A. and M. is expect-
ing big things from a freshman
catcher named Johnny Dewhirst,
who was steered there by Carl
Hubbell. Says one report: "With
the arm he's got, our pitchers will
be able to take a full windup with
a track man on first."

Yankee Bill Wight will toss for the
Sox who are in for four games.
No games were scheduled in
either league yesterday.
